### Continuing the Great Commission in Haiti

**At our home church in the US, we have a saying that says, "*Your Story Matters*"**

#### Three new stories.

#### STORIES THAT MATTER

Halo prints discipleship, school books, children's books and educational materials. But we also print biographies, personal stories and annual reports.

Many of these are never announced. Most are faith stories, but others, especially children's books are especially captivating.

Do you have a family reunion, or meeting, you would like to prepare a special story for?

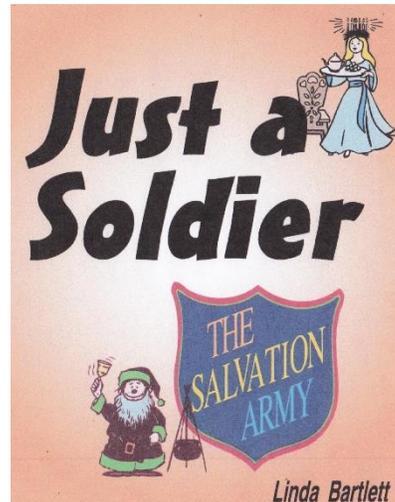

Here are three recent books that we thought were excellent. Written in English

#### **The Voice of the Shepherd**

The Voice of the Shepherd is a collection of poems and the circumstances of events surrounding the writing of the poems. These poems reflect the work of God in the life of the author, Margaret J. Clark. Margaret lives in Port-au-Prince where she and her husband, Roger have worked as missionaries under the covering of Elim Fellowship for 27 years. Written in English. Copies available at the Halo office. \$8.00 each.

## Just a Soldier

A unique story about the Church of the Salvation Army. It is known throughout the world for its philanthropic efforts. The red kettle is a symbol of one of the most successful and generous communities on earth. The Army is a bona-fide Christian church with its own unique methods of spreading God's love. The Army specializes in lifting up those the world has held down. The Army is an earthly church that wears its heart on its sleeve. Jesus cared for the least, the last, and the lost and that's exactly what the Salvation Army does to this day. Linda has visited Haiti and we are waiting for her next book about Haiti. Written in English.

## Une Histoire, une Vie by Laura Adam

A nice story from Laura Adam and her life from Jeremie, where she grew up, to Port-au Prince, where she lives today. Laura's passion is writing, and as she says a blank page is irresistible.

Beautifully written, Laura's talent shines through. This book was printed for her alone and is not for sale, but if you are interested in a copy, we can connect you with Laura. Written in French.

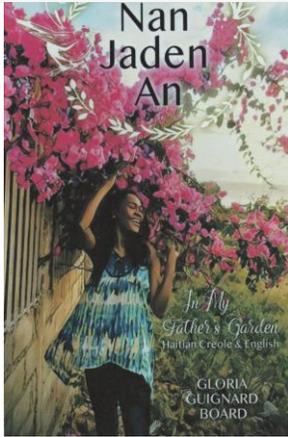

You can support Halo's efforts to produce and print books in Haiti. Halo is ALWAYS looking for books for people of all ages in Haiti, but especially children's books. If you have a story you have or one you have written, Halo would love to work with you to print it. All income stays in Haiti and supports university student education.

**YOUR STORY MATTERS TOO!** We would love to help you tell it.

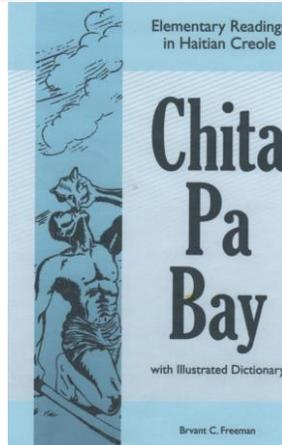

Halo is building a library of not only books that we print but also books of all types at our office in Delmas 83. We are strong proponents of the use of the Creole language, but books

of all languages are welcome. You can support our efforts to increase literacy and love of reading with donations of any books you have. If you have books that you would like to donate, you can bring them to the Halo office in Delmas 83. For donations in the US, you can bring them to our office in Forest Lake, MN.
